

ultimail™ 65

DIGITAL MAILING SYSTEM

ENHANCE YOUR IMAGE AND PRODUCTIVITY WITH THE GERMAN ENGINEERED **ultimail™ 65**

PROFESSIONAL QUALITY MAILING HAS NEVER BEEN EASIER OR MORE EFFICIENT.

Quickly eliminate trips to the post office and the inconvenience and time it takes to manually process mail with this easy-to-use, efficient postage machine. No special training is required to operate the **ultimail™ 65**, anyone in the office can automatically process up to 65 letters per minute with 300 dpi crisp postage printing that projects a professional appearance. Advanced features on the **ultimail™ 65** make sure you don't overpay for postage by ensuring just the right amount is charged for each item mailed. The **ultimail™ 65** is IBIP compliant, meeting all USPS standards for mail security. The convenient small size and silent operation of the **ultimail™ 65** makes it possible to place it virtually anywhere in the office without disturbing other co-workers. The **ultimail™ 65** has the ability to insert targeted messages or logos as a part of the postage impression of each envelope. This feature is just one more way the **ultimail™ 65** will provide added value to your business.

- Easy to understand backlit LCD display panel
- Prints up to 65 letters per minute
- Automatic dating & postage correction capabilities
- Program up to nine custom messages
- Up to 100 departmental accounts
- Incoming mail stamp
- Meets USPS requirements for IBIP compatibility
- Integrated 10-lb. scale
- Optional Interfaced scales handle up to 150 lbs.

ultimail™ 65

DIGITAL MAILING SYSTEM

KEY ADVANTAGES

HIGH-TECH PRODUCTIVITY

Designed for image, efficiency and maximum utilization, **ultimail™ 65** processes up to 65 letters per minute. The 300 dpi print quality ensures a clarity of output that enhances the image of your business.

CUSTOMER FRIENDLY

Intelligently designed to fit into any office environment. A combination of a soft-touch panel with an easy to understand LCD display virtually eliminates any learning curve for operators.

WORLD-CLASS ENHANCEMENTS

Leveraging a state-of-the-art design, **ultimail™ 65** provides an information based indicia (IBI) that delivers the highest level of security proposed by the USPS. Up to nine custom advertisements can be programmed to strengthen your company's brand awareness.

OPTIMAL EFFICIENCY

The quiet design allows you to use the unit anywhere in your office without disturbing co-workers. Trend-setting features like automatic dating, re-dating, postage correction, automatic label dispenser, and more, set the **ultimail™ 65** apart from the competition.

QUICK AND EASY POSTAGE RELOAD WITH TELESET

Teleset is the postage resetting system developed by FP that utilizes direct communication from the meter to our secure processing center. The entire postage reloading process runs automatically.

CUSTOM MESSAGES AND GRAPHICS

Add greater personalization with up to nine custom advertisements up to six user programmable SMS text-based messages.

DIFFERENTIAL WEIGHING

Increase productivity when processing your mixed mail with the time saving reverse weighing option. If you place several pieces of mail on the scale at once and remove one from the integrated scale, the **ultimail™ 65** will automatically calculate the weight of the last piece removed.

THE **ultimail™ 65** CONVEYOR-STACKER SYSTEM

Just stack your mail in the Automatic Feeder-Sealer, and the **ultimail™ 65** and **ultimail™ CONVEYOR-STACKER** will take care of the rest. The **CONVEYOR-STACKER** handles up to 300 (single-insert) envelopes at one time eliminating the need to continually empty small exit trays during high-volume runs. The **ultimail™** system shown here allows you to seal, post, and stack in one continuous flow.
